# What is our appeal fund and why do we need it?

**“We have launched an appeal fund which will enable us to support a wide range of activities and projects that will directly enhance our trainees’ experience.**

“We already have a dedicated fundraising team who annually raise around £10,000 per annum through a series of events. Their efforts have enabled us to purchase items of equipment such as webcam bird boxes, digital cameras, essential shade materials for outdoor working and numerous items of equipment that enrich the lives of those who attend the centre.

**“Every donation, whatever size, can make a genuine difference to the adults with learning disabilities who we support.**

“Monthly, quarterly or yearly donations are particularly welcome as they enable us to plan ahead. It is only through your generosity in supporting the Appeal Fund that we are able to offer such a diverse range of activities to further improve all areas of the Apuldram Centre.

Thank you for your support.”

**Chris Buckland**, Chair of Trustees

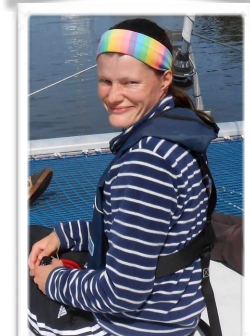

**Our target over the next five years is £1.5 million to cover the costs of a major renovation and redevelopment of our site. We thank you in advance for your support**

# Here are some of the projects for which we are seeking funding:

## **Sensory Room £5,000**

We plan to create a sensory room and equip it with items and equipment that appeal to all senses and which will offer a stimulating and calm environment.

*Individual equipment examples are: mirror balls £110; fibre optic lights £700; sensory projector £570.*

## **Gardening Equipment £2,000**

Our trainees plant, cultivate and pick an array of organic vegetables and fruits. We wish to replace old and ageing gardening equipment and purchase new tools to enable adults with reduced mobility to participate in gardening.

*Examples include: easy-pull wheelbarrows £100; easy-grip garden tools £10 each; long-reach rakes £20; garden spades £25.*

## **Digital Technology £5,000**

Our trainees need the skills to live in the digital age and utilise the opportunities that technology brings. We wish to purchase iPads, protective cases and charging units.

*Examples include; iPads £400 each, heavy duty iPad cases £45 each and iPad charging trolley £1,000.*

## **Barn redevelopment £600,000**

The barn will be transformed from a cold and dark agricultural building into a thriving environment that will have three dedicated workshops and a learning space, toilet and kitchen facilities and an upper floor mezzanine.

## **Shop and Café £350,000**

We want more people to visit our on-site shop and enjoy our home baked breads, cakes, savouries and soups. To do this we need to replace the existing temporary structure, increase our indoor seating and general in-store capacity.

## **Hall and Common Room £350,000**

Our 8-acre site near Chichester Harbour provides a unique outdoor environment for our trainees throughout the warmer weather. We need to increase and upgrade our indoor capacity to ensure that we have facilities fit for all seasons.
